

Project Title	Reserve Bank of India, Chennai Headquarters – Tactile Installation	Project Date	25 August 2025
----------------------	--	---------------------	----------------

Overview

The project involves conducting a site survey, preparing a 2D design, and installing PU tactile pathways at the Reserve Bank of India (RBI) Headquarters in Chennai, to enhance accessibility and ensure safe navigation for persons with visual impairments.

The work was executed as per Harmonised Guidelines, ensuring safe and barrier-free movement for persons with visual impairments.
